

# Konfident Kids Therapy Camps

Konfident Kids paediatric camps are aimed at providing intense therapy to children with an Autism Spectrum Disorder. The aim of all our camps is to increase a child's participation in their own environment (Home / Pre School). By teaching them new skills, they are better equipped to try new things.

Konfident Kids Therapy Camps include:

## Transition 2 School

Developed to assist with the transition into Primary and High School. The program is suited for all school students

## Social Skills Camp

Developed to improve social and communication skills (K - 6 students)

## Therapy Camp

Developed to assist with social, communication, sensory integration, play skills, cognitive skills, and motor skills

[Our camps are run at 20 Belmore Street, Penrith & Blue Hills Drive, Glenmore Park.](#)

Konfident Kids Therapy Kids are run throughout the NSW School Holidays. For individual camp dates, log on to our website: [www.konfidentkids.com.au](http://www.konfidentkids.com.au) / Therapy Camps, or contact us on 02 4731 3469

**Konfident Kids Therapy Camp bookings can be made online: [www.konfidentkids.com.au](http://www.konfidentkids.com.au) or via phone 02 4731 3469**
